

Homework 10: Swapping

1.

```
private static void swapNN(NaturalNumber n1, NaturalNumber n2) {  
    NaturalNumber temp = new NaturalNumber1();  
    Temp.copyFrom(n1);  
    n1.copyFrom(n2);  
    n2.copyFrom(temp);  
}
```

2.

```
private static void swapNN(NaturalNumber n1, NaturalNumber n2) {  
    NaturalNumber temp = new NaturalNumber1();  
    Temp.transferFrom(n1);  
    n1.transferFrom(n2);  
    n2.transferFrom(temp);  
}
```

3.

```
private static void square(NaturalNumber n) {  
    NaturalNumber temp = new NaturalNumber1();  
    temp.copyFrom(n);  
    n.multiply(temp);  
}
```
